CONTENTS OF VOLUME 152

JANUARY 1996

Editorial:
Fast track *by A. J. Higgins* 1

Guest Editorials:
Human and bovine tuberculosis—new threats from an old disease *by J. M. Grange* 3

Castration—a kinder cut *by A. C. Winter* 7

Lameness in dairy cattle *by P. R. Scott* 11

Brain-stem evoked responses as a diagnostic tool for deafness; a neurophysiological test with potential? *by A. J. Delauche* 13

Reviews:
Aetiology, prevalence and diagnosis of deafness in dogs and cats *by G. M. Strain* 17

Human and bovine tuberculosis in the monze district of Zambia—a cross-sectional study *by A. J. C. Cook, L. M. Tuchili, A. Buve, S. D. Foster, P. Godfrey-Faussett, G. S. Pandey and K. P. W. J. McAdam* 37

Bloodless castration of lambs: results of a questionnaire *by B. D. Hosie, J. Carruthers and B. W. Sheppard* 47

Sole haemorrhages in dairy heifers managed under different underfoot and environmental conditions *by J. J. Vermunt and P. R. Greenough* 57

Fallibility of faecal consistency as a criterion of success in the evaluation of oral fluid therapy for calf diarrhoea *by H. W. Brooks, A. R. Michell, A. J. Wagstaff and D. G. White* 75

Detection of fibrin in canine neoplasia *by F. J. McEvoy, T. A. Edgell, P. M. Webbon and P. J. Gaffney* 83

Sexual maturity in British breeds of goat kids *by N. Ahmad and D. E. Noakes* 93

Short Communications:
Suspected *in utero* infection in a boran heifer experimentally infected with *Trypanosoma vivax* *by G. Okech, A. G. Luckins, E. D. Watson and D. W. Makawiti* 105

Use of Suratex for field diagnosis of patent and non-patent *Trypanosoma evansi* infections in camels *by W. Olaho-Mukani, J. M. N. Nyang'ao and J. O. Ouma* 109

Book Reviews 113

MARCH 1996

Fast Track:
Pulmonary artery pressure during exercise in the horse after inhibition of nitric oxide synthase *by P. C. Mills, D. J. Marlin and C. M. Scott* 119

Guest Editorials:
Equine babesiosis (piroplasmosis): a problem in the international movement of horses *by D. Knowles, Jr.* 123

PRRS: Trans-atlantic cooperation and new ideas *by S. A. Dee* 127

Monitoring vaccines, diagnostic reagents and biotherapeutics for contaminating viruses *by J. F. Evermann* 131

Chirality and the actions of anti-inflammatory drugs *by A. M. Evans* 135

Reviews:
Equine piroplasmosis an update on diagnosis, treatment and prevention *by A. Brüning* 139

Porcine reproductive and respiratory syndrome (PRRS): a review, with emphasis on pathological, virological and diagnostic aspects *by S. H. Done, D. J. Paton and M. E. C. White* 153

Foetal infections with bovine viral diarrhoea virus in Argentina *by D. P. Muñoz, I. A. Lager, S. Mersich, O. Zábal, E. Ulloa, A. A. Schudel and E. L. Weber* 175

Pharmacodynamics and chiral pharmacokinetics of carprofen in calves *by P. Delatour, R. Foot, A. P. Foster, D. Baggot and P. Lees* 183

Evaluation of carprofen in calves using a tissue cage model of inflammation *by P. Lees, P. Delatour, A. P. Foster, R. Foot and D. Baggot* 199

Chemical restraint of southern Elephant Seals (*Mirounga leonina*); use of medetomidine, ketamine and atipamezole and comparison with other cyclohexamine-based combinations *by R. Woods, S. McLean, S. Nicol and H. Burton* 213

Seasonal variations in the semen quality of young British goats *by N. Ahmad and D. E. Noakes* 225

Hock angles of dairy heifers in two management systems *by J. J. Vermunt and P. R. Greenough* 237

MAY 1996

Guest Editorials:
Badgers, bovine tuberculosis and the age of reason *by R. S. Clifton-Hadley* 243

Poultry in transit—a cause for concern? *by J. Metheringham and R. Hubrecht* 247

Reviews

Antigens with application toward immune control of blood-feeding parasitic nematodes *by D. P. Jasmer and T. C. McGuire* 251

Malassezia pachydermatis with special reference to canine skin disease *by J. Åkerstedt and I. Vollset* 269

The pathogenesis of chronic obstructive pulmonary disease of horses *by N. E. Robinson, F. J. Derksen, M. A. Olszewski and V. A. Buechner-Maxwell* 283

A survey to investigate potential dehydration in slaughtered broiler chickens *by T. G. Knowles, R. C. Ball, P. D. Warriss and J. E. Edwards* 307

Influence of exogenous and endogenous ACTH on adrenal cortex activity in calves during the early postnatal period *by M. Friedrich* 315

Claw conformation of dairy heifers in two management systems *by J. J. Vermunt and P. R. Greenough* 321

Ultrastructural alterations in pigs with naturally occurring hypertrophic cardiomyopathy *by K.-S. Dai, S.-P. Chen, P.-C. Yang, C.-Y. Liu and S. J. T. Mao* 333

Lipoprotein lipase activity of post-heparin plasma in Japanese Black cattle affected with fat necrosis *by H. Katamoto, M. Aoki, Y. Shimada and E. Hakogi* 339

Short Communications

Bovine leucocyte adhesion deficiency (BLAD) in a one year old Holstein Friesian bull—the first report in the United Kingdom *by A. H. Andrews, J. Fishwick and R. J. Waters* 347

The incidence of luteal activity, as determined by peripheral plasma progesterone concentration, before the onset of the breeding season in the Rasa Aragonesa breed of sheep *by J. A. Abecia, F. Forcada, L. Zarazaga and J. M. Lozano* 353

Book Reviews 357

Erratum 361

Announcements 363

JULY 1996

Guest Editorials:

Control of chronic obstructive pulmonary disease in the horse *by P. Lekeux, T. Art, and C. Roberts* 365

Ovine pulmonary adenomatosis (jaagsiekte) *by D. W. Verwoerd* 369

Joint disease—a role for serum markers in diagnosis, control and prevention *by B. Thorp* 373

Reviews:
The role of dipterous insects in the mechanical transmission of animal viruses *by V. M. Carn* 377

Retroviral aetiopathogenesis of ovine pulmonary carcinoma: a critical appraisal *by S. J. Hecht, J. M. Sharp and J. C. Demartini* 395

Osteocalcin in canine joint diseases *by M. Arican, S. D. Carter and D. Bennett* 411

Peripheral cortisol levels throughout gestation in the cow: effect of stage of gestation and foetal number *by O. V. Patel, T. Takahashi, N. Takenouchi, M. Hirako, N. Sasaki and I. Domeki* 425

Taurine- and glycine-conjugated bile acids in the preruminant goat: identification by high performance liquid chromatography *by J. I. Fernández, M. Mañas, A. Rueda, E. Martínez-Victoria and J. A. Naranjo* 433

The effect of experimental infection of Boran cattle in early and mid-pregnancy with *Trypanosoma vivax* *by G. Okech, E. D. Watson, A. G. Luckins and D. W. Makawiti* 441

The goat as a model for studies of pneumonic pasteurellosis caused by *Pasteurella multocida* *by M. Zamri-Saad, A. W. M. Effendy, M. A. Maswati, N. Salim and A. R. Sheikh-Omar* 453

Effect of overcrowding on claw health in first-calved Friesian heifers *by F. C. Leonard, J. M. O'Connell and K. J. O'Farrell* 459

Short Communication:
Tumours of the urinary bladder in cattle and water buffalo in the Black Sea region of Turkey *by I. A. Özkul and Y. Aydin* 473

Acute trypanosomosis in a sedentary herd on the tsetse-free Jos plateau, Nigeria *by A. U. Kalu* 477

Assessment of intrathecal lignocaine analgesia for open castration of rams *by P. R. Scott, N. D. Sargison, W. D. Strachan and C. D. Penny* 481

Adenosine deaminase (ADA) activity in tissues and sera from normal and leukaemic cattle *by J. Yasuda, T. Tanabe, A. Hashimoto and K. Too* 485

Announcement 489

SEPTEMBER 1996

Guest Editorials:
Bovine spongiform encephalopathy—too early to relax *by D. Matthews* 491

Medetomidine, alpha$_2$ adrenoceptors and small animal practice *by L. W. Hall* 493

Diagnostic aids and prognostic indicators for chronic grass sickness: possibilities for the future *by D. Murphy and S. Love* 497

Reviews:
Bovine spongiform encephalopathy—the beginning of the end? *by D. M. Taylor* 501

Medetomidine sedation in dogs and cats: a review of its pharmacology, antagonism and dose *by L. K. Cullen* 519

An evaluation of the use of cisapride in horses with chronic grass sickness (equine dysautonomia) *by E. M. Milne, D. L. Doxey, M. P. Woodman, D. Cuddeford and R. A. Pearson* 537

Pharmacokinetics of amoxicillin/clavulanic acid combination and of both drugs alone after intravenous administration to goats *by E. Escudero, C. M. Carceles and S. Vicente* 551

Development of a diagnostic DNA probe to detect *Setaria digitata*: the causative parasite of cerebrospinal nematodiasis in goats, sheep and horses *by W. S. S. Wijesundera, N. V. Chandrasekharan, E. H. Karunanayake and S. P. Dharmasena* 561

Concentrations of steroids and biochemical constituents in follicular fluid of buffalo cows during different stages of the oestrous cycle *by H. M. Eissa* 573

Evaluation of wound-healing of the teat with and without low level laser therapy in dairy cattle by laser Doppler flowmetry in comparison with histopathology, tensiometry and hydroxyproline analysis *by S. M. Ghamsari, J. A. Acorda, K. Taguchi, N. Abe and H. Yamada* 583

Hormonal and physiological effects of a 15 hour road journey in sheep: comparison with the responses to loading, handling and penning in the absence of transport *by D. M. Broom, J. A. Goode, S. J. G. Hall, D. M. Lloyd and R. F. Parrott* 593

Book Reviews 605

Announcements 616

NOVEMBER 1996

Guest Editorial:
Subunit vaccines for complex tick-borne pathogens: dream or reality? *by W. I. Morrison* 617

Reviews:
Prospects for subunit vaccines against tick-borne diseases *by A. J. Musoke, G. H. Palmer, T. F. McElwain, V. Nene and D. McKeever* 621

Alpha$_2$ adrenoceptor agonists in the horse—a review *by G. C. W. England and K. W. Clarke* 641

Thyroid status and adenosine triphosphatase activity in experimental *Trypanosoma congolense* infection in rabbits *by P. O. Lomo, D. W. Makawiti and V. N. Konji* 659

A case report and review: the gross, histological and immunohistochemical characteristics of a carcinoma of ectopic thyroid in a dog *by F. Constantino-Casas, H. A. Rodríguez-Martínez and Ma. E. Gutiérrez Díaz-Ceballos* 669

Post-natal changes in biliary lipids in suckling goat kids *by J. I. Fernández, J. A. Naranjo, A. Valverde, A. Rueda, E. Martinez-Victoria and M. Mañas Almendros* 673

Arthrosonography—the use of diagnostic ultrasound in septic and traumatic arthritis in cattle—a retrospective study of 25 patients *by J. Kofler* 683

Evaluation of a nutritive oral rehydration solution for the treatment of calf diarrhoea *by Harriet W. Brooks, D. G. White, A. J. Wagstaff and A. R. Michell* 699

Possible roles for prolactin, thyroxine and insulin in the growth of heifers before and during early pregnancy *by N. Baishya, I. C. Hart, J. D. Leaver and G. S. Pope* 709

Short Communication

Bruising and biochemical measures of stress, dehydration and injury determined at slaughter in sheep transported from farms or markets *by A. M. Jarvis, M. S. Cockram and I. M. McGilp* 719

Book Reviews 723
